

Project Title: Quokka Website

This website aims to provide an immersive experience into the world of quokkas, showcasing their charming features, natural habitat, behaviors, and the conservation efforts surrounding them. The homepage will offer an engaging introduction, featuring the quokka's friendly, "smiling" appearance. Additional pages or sections within pages will explore specific topics, such as their adaptations, lifestyle, and the environmental challenges they face.

- **Home Page/Introduction** – Introduce the quokka with an overview of its unique smile, friendly appearance, and natural habitat. Set a welcoming tone for the site.
- **What is a Quokka?** – Provide basic information on quokkas, including their scientific classification, physical characteristics, and a few fun facts.
- **Lifestyle and Habitat** – Explore the quokka's native habitat on Rottnest Island and nearby areas, focusing on how their environment shapes their lifestyle. Describe their nocturnal habits, social interactions, and diet. Include interesting behaviors, such as their interactions with humans and adaptations to their ecosystem.
- **Conservation Status** – Discuss the conservation status of quokkas, the threats they face, and the ongoing efforts to protect them.
- **Fun Facts and Social Media Fame** – Share unique and quirky facts about quokkas, including their iconic "smile" and popularity in social media "quokka selfies."
- **Sources** – Provide a list of references, including the Wikipedia page, along with any additional sources for images and information used in the project.
